

# BioActiv

## HEALTHCARE

---

Dear Colleague,

We are very pleased with the number of ingredients we now have in our BioActiv compounding range. And as mentioned in previous times, we are moving ahead with more new products. These are available from us immediately but can take longer for our key pracky distributors to take them into their inventory for sale.

The new ingredients we have this month are:

- **Pine Pollen** (180 grams)
- **Betasitosterol** (90 grams)
- **Organic Chlorella** (180grams)

**Pine Pollen** which is the male spore of the pine tree has been used in Chinese traditional medicine and has been used as a drug and food for thousands of years. Pine pollen has an effect in the support of different kinds of conditions such as colds, prostatitis, anemia, blood sugar irregularity, hypertension, asthma and rhinitis.

### **Beta Sitosterol**

$\beta$ -Sitosterol consumption has been reported to decrease blood cholesterol levels by preventing its intestinal absorption. It also has been shown to have anti-inflammatory and analgesic properties in various animal models. Additionally, in both animal models and human clinical trials,  $\beta$ -sitosterol has demonstrated a significant effect on reducing the symptoms of benign prostatic hyperplasia.  $\beta$ -Sitosterol intake may also be partially responsible for the decreased incidence of prostate, colon and breast cancers among vegetarians and men and women in Asian countries who consume much larger amounts of  $\beta$ -sitosterol than most Westerners. Helps restore hair growth by lowering 5 AR enzhymes.

### **Chlorella**

*Chlorella* is a green unicellular alga that is commercially produced and distributed worldwide as a dietary supplement. *Chlorella* products contain numerous nutrients and vitamins, including D and B<sub>12</sub>, that are absent in plant-derived food sources. *Chlorella* contains larger amounts of folate and iron than other plant-derived foods. *Chlorella* supplementation to mammals, including humans, has been reported to exhibit various pharmacological activities, including immunomodulatory, antioxidant, antidiabetic, antihypertensive, and antihyperlipidemic activities. Meta-analysis on the effects of *Chlorella* supplementation on cardiovascular risk factors have suggested that it improves total cholesterol levels, low-density lipoprotein cholesterol levels, systolic blood pressure, diastolic blood pressure, and fasting blood glucose levels but not triglycerides and high-density lipoprotein

cholesterol levels.

### **Bioptron therapeutic PolyChromatic Light**

This is the worlds most advanced and recognized healing light. A lucky pracky can **save over \$7000** off the largest clinic model we have which was a demo. Before the Government put a stop to the registrations for a variety of healing devices Biopron had 40 proven benefits for Severe mood disorder, a terrific number of chronic skin issues including burns. So now there is only Beauty claims. It is used in Burn Clinics, Cosmetic Surgery and of course loads of Beauty Clinics and is massive less costly then the red light devises. This is a great opportunity to put some grunt into your treatments. Psoriasis is hard to treat and here an opportunity to dynamically assist these folks. See advert in our list of clearance items.

### **Our Serracleanse Plus**

As we know in our profession because we listen to the honest media, not just the biased MSN to learn the truth about the growing chronic health conditions amongst people prior to mass you know what.... An update from the US I viewed on Telegram was a sum up of a survey of large numbers of Embalmers who after draining the blood of the dead bodies to replace preserving fluid, around 20% had major occlusions of white stringy plagues in both arteries and blood vessels. This white stringy material is a combination of fibrin, amyloid, oxidized fats and some mineral solids as the main components. Maybe the clots could have also been a trigger for the ischemia and the white stringy material was the final straw in these poor folks demise.

From darkness there is light and we have good news for the seeks of natural remedies. We have a serious compounding formula that helps the CVS in many ways.

**We call the Blend Serracleanse Plus** (for extemporaneous use only)

**Recommended servings:** Twice Daily

#### **Raw Ingredients:**

- 80000 SPUs from Serrapeptase
- 4000 FUs from Natto Kinase
- 600 mg Magnesium Orotate (40 mg Magnesium)
- 100 mg Bromelain
- 350 mg Arginine Pyroglutamate
- 250 mg L Lysine
- 150 mg EDTA
- 100 mg Luteolin
- 60 mg Rutin
- D Ribose
- Organic Monk Fruit - No calorie natural sweetener
- Thaumatococcus. Supports greater taste for the Monk Fruit from the Ketemfe fruit

**Serrapeptase:** Renowned proteolytic enzyme to eat arterial plaque and digest fibrin.

**Nattokinase:** Another powerful proteolytic enzyme which is a phenomenal boost to Nitric Oxide to help improve peripheral circulation, including the blood vessels in the heart.

**Magnesium Orotate:** The best Magnesium chelate to enter the Heart, The orotic acid component supports the magnesium in dissolving Calcium where it has formed occlusions on the artery.

**Bromelain:** Anti inflammatory proteolytic enzyme.

**Arginine Pyroglutamate:** Best Arginine to cross the blood brain barrier in the right ratio works with Lysine to stimulate GF1, the releasing factor for

human growth hormone. This thermogenesis is an important anti-aging hormone.

**L Lysine:** The most important amino we consume that helps transamination of all new amino acid sequences and along with Vit C and Biolavs, helps maintain stronger vessel walls by supporting collagen and elasticity but also limits the production of Lipoprotein (a) the molecule that promotes oxidised plaque formation.

**EDTA:** A powerful synthetic protein that is the best heavy metal chelator

**Luteolin:** Luteolin inhibits mast cell degranulation, effectively blocking the release of histamine before it causes allergic symptoms. A powerful plant flavonoid rich in antioxidants and anti-inflammatory properties.

**Rutin:** Traditionally, rutin has long been used to aid circulation. May help strengthen and increase flexibility in blood vessels, such as your arteries and capillaries.

**D Ribose:** Liver converts Glucose into Ribose for the energy of the Heart and prevents myopathy.

**Organic Monk Fruit:** No calories and a wonderful natural sweetener

**Thaumatococcus:** Supports greater taste for the Monk Fruit from the Ketemfe fruit

The cleaning and rejuvenation process can take some time and a patient with some advanced years really needs this support for living stronger for longer.

This valuable blend is available from Ariya Health in North Qld supplying Nationally. We trust to have more local and national distributors to start stocking this in March onwards. Don't hesitate to contact us via the website especially if you would like to graduate to having more of your private label comp meds for your dispensing adding all the great benefits that offers with greater protection of your business against retail and online competitors and being able to offer a wider variety of comp meds than your competitors.

## WEBINAR NEW DATE

We are super excited **Ann Vlass will re-present her Webinar on the 4th March** after some hick ups with the hosting firm and many praccies missed out. This time we are going to take larger bookings.

**This won't be recorded as a free webinar to attend. Sorry if you can't make it.**

## Device Sale! **\*\*Prices Reduced: up to 50% OFF\*\***

We have limited equipment that we are no longer distributors for and would like them to go to a good home. So we are now offering around **50% OFF** the normal price for what's left. These are real bargains. These equipment items may be depreciated through your business as a tool of trade. Prices are GST-free. Contact us for more information.

When I was a clinician over many decades I regularly gave light therapy with **Bioptron**, the worlds most researched polychromatic healing light device. The big unit we have here for sale is normally around \$18,000 inc. We are prepared now to sell you our unit for the incredible bargain price of **\$9250** inc so be quick. This is the most revered device overseas for beauty therapy, aiding injuries, burns, acne and mood disorders.

To replace the world-renowned **Cyberscan** listed device, an authorised leading biofunctional device that costs around \$35,000 we have available for **\$9,900** (+ cost to transfer and update with the latest software to ensure you have everything covered including the latest variants). Any Cyberscan clinician would love to have an extra unit for evaluation and treatment. I can imagine that at this price we can make that possible. Cyberscan is heavily based on Tesla technology and can measure the energy field I believe more effectively than any other clinical unit in its class.

**AcuGraph Prof. System**
